Preferred Drug List

Introduction

Meridian Medicaid Plan (Meridian) is pleased to provide a preferred drug list (pdl) as a reference and tool for providers andpharmacists.. The purpose of the Meridian pdl is to help providers choose clinically fit and cost-effective products for their patients.This document has facts about the drugs we cover in this plan.

The Meridian Utilization Management Committee (UMC)

The Meridian UMC comprises providers, pharmacists, and health professionals.The pdl contains clinical information that was sourced primarily from medical literature and is reviewed and approved by the UMC.

Notice

The information contained in this pdl is provided by Meridian for the convenience of medical providers. This pdl is not meant to be a substitute for the knowledge, expertise,skill, and judgment of the medical provider in their choice of prescription drugs. Meridian assumes no responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should see the drug manufacturer's product literature or standard references for more detailed information.

Preface

The Meridian formulary is organized in sections. Each section includes therapeutic groups named by either drug class or disease state. Brand and common names are included as a reference to help in product recognition. Brand name drugs are capitalized (e.g., CONCERTA)and generic drugs are listed in lower-case italics (e.g., *methylphenidate HCL*). Meridian will not cover prescription drugs prescribed for experimental, investigational,or non-FDA-approved indications, dosages, or routes of administration. Other exclusions include fertility-enhancing drugs, anorexia, weight loss, or weight gain drugs, Durable Medical Equipment (DME) products and medical supplies (unless listed on the PDL), drugs and other agents used for cosmetic purposes or for hair growth, erectile dysfunction drugs prescribed to treat impotence, Drug Efficacy Study Implementation (DESI) and Identical, Related and Similar (IRS) drugs that are classified as ineffective, OTC products (unless listed on the PDL), and drugs not included in the Medicaid Drug Rebate Program drug product data file (unless listed in the PDL).

PDL Components

The Meridian pdl contains medications covered without authorization, medications that must meet step therapy protocol, medications that need prior authorization, specialty medications, and medications quantity limits. Members will not be charged a co-pay for covered medications.

Generic Substitution

Meridian is a mandatory generic plan. The Illinois Department of Healthcare and Family Services (HFS) has mandated that some brand medications are covered in place of the genericmedication. Generic medication will be dispensed when available.

Covered Medications without Authorization
Meridian covers many medications without requiring authorization. These medications include many prescription and over-the-counter medications (with a valid prescription).

Prior Authorization (PA)
Drugs indicated with "PA" need prior authorization for coverage. Please call the Pharmacy Help Desk at **855-580-1688** or fax a completed prior authorization form to **855-580-1695**. All prior authorization requests will be reviewed within 24 hours.

Please note: A prior authorization is **NOT** required on any anticonvulsant medications for members with a diagnosis of epilepsy or seizure disorder. Diagnosis code must be given at pointof sale or within records.

Specialty Medications (SP)
All specialty medications noted as "SP" are to be filled at contracted, in-network specialty pharmacies.

Quantity Limits (QL)
Drugs with a "QL" have a set quantity limit imposed. These limits are based on FDA- recommended dosing guidelines. The quantity limit is listed next to the drug name.

Day Supply Limit (DS)
Drugs indicated with a "DS" have a set day supply limit imposed. The day supply limit is listed next to the drug name. These medications are limited to a certain day supply in a set amount of time.

Age Limit (AL)
Drugs indicated with an "AL" have a set age limit imposed. The age limit is listed next to thedrug name. These medications are limited to a specific age range.

Benefit Exception

To request non-formulary medication(s), fax a completed prior authorization form asking for an exception to the formulary. This request needs to have relevant clinical documentation showing trial and failure of all formulary agents and relevant clinical information. It should also have information showing the medication is the standard of care for the indication provided (peer-reviewed journal articles may be required). Please call the Pharmacy Help Desk at 855-580-1688 or fax a completed prior authorization exceptionform to 855-580-1695.

Legend

P	Preferred Drug	Drug is preferred
NP	Non-Preferred	Drug is s not preferred
AL	Age Limit	Drug is limited to specific ages
PA	Prior Authorization	Prior Authorization required before prescription can be filled
QL	Quantity Limit	There is a limit on the amount of drug covered per prescription, or within a specific time frame
SP	Specialty Drug	Products that must be dispensed by a specialty pharmacy
ST	Step Therapy	Requires trial and failure of one or more preferred products prior to coverage
RX/OTC	Both RX and OTC NDCs	Over the Counter (OTC) products eligible for coverage with a valid prescription written by a licensed physician/clinician
MP	Maintenance Product	Products used to treat long-term conditions or illnesses, available for a 90-Day (3-month) supply
NF	Non-Formulary	Drug is not included on the formulary

The publication date of this preferred drug list appears at the bottom of all subsequent pages, and this list is accurate of that date. Please notify the Pharmacy Help Desk of any mistakes in the pdl. A copy of this pdl can be mailed upon request.
