

## The 2026 Pay for Performance Program

The Meridian Medicaid Plan (Meridian) Pay for Performance (P4P) program rewards contracted partners in care for delivering quality preventive services such as cancer screenings, immunizations, and well-child visits to members.

**For 2026, there are three P4P incentive target levels** for Meridian Primary Care providers. We will continue to reward other providers like **OB/GYNs** and **behavioral health providers**, who offer essential services for key measures.

### Updates for 2026

- There are more Child and Adolescent Well-Care Visits (WCV) incentive categories to better represent childhood development
- Many healthcare services can be completed via telehealth. See measures noted with a star ★
