

**CPT® codes for COVID administration denying EXGT**

Health Choice, YouthCare and MMAI claims with DOS 7/1/21 forward for claims billed for COVID administration codes are incorrectly denying for EXGT - Encounter code required and must be billed with payable detailed lines. System will be corrected and claims reprocessed with no action required by provider. As a reminder billing for COVID codes by FQHC, RHC and Encounter Clinics should be done on a separate claim from encounter services.
