

Claims Incorrectly Paying EX94–A Percentage of Billed Charges

Date of notice: 5/5/23

Claims received between March 15th and April 1st that are reimbursed from the practitioner fee schedule may have incorrectly paid at a percent of billed charges rather than applying the HFS fee schedule rate. Claims that normally pay with EX92 – Paid in Full are showing processed with EX94 – Paid at a % of billed charges. This may impact claims for Health Choice Illinois, YouthCare and MMAI Medicaid. Providers do not need to take any action. Claims will be reprocessed to apply the appropriate fee schedule rate no later than April 14, 2023.
