

Dialysis Missing Add on Rate \$60

Date of notice: 4/17/26

Meridian has identified an issue where dialysis claims are not reimbursing the \$60 add-on rate. Per IAMHP guidelines, outpatient ESRD services delivered by hospitals in dedicated renal units, hospital satellite units, and freestanding dialysis facilities are reimbursed on a per diem basis, with an additional \$60.00 added for each treatment day.

This issue impacts claims with dates of service beginning 02/26/2026. All affected claims will be reprocessed, and no further action is required from the provider.
