

J1010 Denying EX46 in Error

Date of notice: 6/27/25

We have been denying claims for code J1010 with denial reason EX46 – this service is not covered for dates of service from April 1, 2024, through September 30, 2024. The Illinois Department of Healthcare and Family Services (HFS) released fee schedules effective April 1, 2024, and July 1, 2024, both reflecting an effective date of April 1, 2024, for code J1010. However, all fee schedules posted by HFS from October 1, 2024, forward list the effective date as October 1, 2024, which appears to be incorrect. The correct effective date for code J1010 is April 1, 2024. As a result, claims previously denied in error will be automatically reprocessed. No further action is required by providers.
