

Provider Education

Learning Together: Quality Improvement Webinar Series

Did you know?

To support our providers in their quality improvement efforts, Meridian's Quality Improvement team hosts a monthly 30-minute webinar on a variety of topics related to improving patients' quality of care.

We hope these sessions will assist provider teams to improve HEDIS® scores and drive better incentive payments to your practice. The webinars take place on the third Thursday of every month.

How does it work?

Participants can watch the webinars remotely using the Zoom call-in number sent each month via email. To be added to the distribution list, email illinoisdataabstractionteam@mhplan.com.

Who is it for?

All office staff can attend including providers, administrative staff, and quality teams.
