

S9994 and S9445 Overpayment

07/30/2026

Meridian has identified an issue affecting CPT® codes S9994 and S9445, which are billed by doulas. Claims are currently reimbursing at the maximum allowable rate rather than the appropriate per-unit rate, resulting in provider overpayments.

This issue impacts claims with dates of service on or after June 10, 2026. All affected claims will be automatically reprocessed, and no action is required from providers.
